

## XR: Manually Transfer Images to a Selected Network/PACS destination

Discovery™ XR656 and Discovery XR656 Plus

This Reference Guide is used to manually transfer images to a Selected Network/PACS destination.

1. Highlight the correct exam

So	ource:							
	Local DB	₽_ΑΕ_ΤΟΤΟ	🛛 🛞 CD 1	1 -				
	60	Search by:	Patien	t Name	-			
	Patient Nam	ne — Patie	ent ID	Accessio	on#	Description	Date	
8	greene mari	321321		647598			05/18/2005	
	- Series # Images		Туре		Procedure		Date	
	189	2	Raw	Chest		t -	05/18/2005	10
	190	z	Proc	essed	Ches	t	05/18/2005	

2. Select the correct processed images and manually transfer images to the desired Selected Network/PACS destination
