

CRITIKON Neonatal Blood Pressure Cuffs

Providing big benefits for your tiniest patients, GE Healthcare’s neonatal cuffs are designed with the accuracy you trust and the gentle comfort you expect. We offer a full range of neonatal sizes with the choice of extra soft, absorbent material or easy-to-clean vinyl. The playful, color-coded animal designs help you find the right size at a glance and they are economically priced for single patient use.

A trusted choice for clinical excellence

- Tested for performance accuracy and clinically validated to help you deliver quality patient care
- A full range of neonatal sizes in playful, color-coded animal designs to help you find the right size at a glance, enabling more accurate measurement
- Choice of extra soft, absorbent material (SOFT-CUF™) or easy-to-clean vinyl (CLASSIC-CUF™)

Constructed for patient safety

- Single-patient-use for pairing with a single baby throughout their hospital stay to help with your infection control efforts
- Cuff materials are not made with natural rubber latex or DEHP, making them safer for the babies
- Neo-Snap™ connector meets international standards, prevents misconnections to luer fittings, and helps prevent accidental disconnections for patient safety

Neo-Snap Connector

Designed to improve workflow

- Neo-Snap connector does not have to be aligned to make a secure connection, enabling you to focus more on the baby
- Compliant with AAMI and AHA NIBP cuff sizing standards for prompt, correct sizing
- A full range of adapters and connectors are compatible with automated monitors

Cuff assortment packs available

- For low-volume cuff utilizers, several types of assortment packs are available for easier ordering and more optimal inventory management
